Health, Safety, and Environmental (HSE) Standards for TAHA International for Industrial Services

Executive Summary:

This document outlines the Health, Safety, and Environmental (HSE) standards adhered to by TAHA International for Industrial Services in the handling of aluminum dross. The outlined standards ensure compliance with international certifications, and local regulations by the Supreme Council for Environment (SCE) of Bahrain.

1. International Standards Compliance

TAHA International for Industrial Services is proud to be certified in the following ISO standards:

1. ISO 9001:2015 - Quality Management

- Ensures that TAHA International consistently provides products and services that meet customer and regulatory requirements.
- Emphasizes continual improvement of processes and systems to enhance customer satisfaction.

2. ISO 14001:2015 - Environmental Management

- Focuses on minimizing environmental impact through effective environmental management systems.
- Aims to enhance environmental performance by controlling processes that can affect the environment, such as waste management and energy efficiency.

3. ISO 45001:2018 - Occupational Health and Safety

- Provides a framework to improve employee safety, reduce workplace risks, and create better, safer working conditions.
- Prioritizes proactive risk management and continuous improvement in occupational health and safety performance.

2. Compliance with Supreme Council for Environment (SCE), Bahrain

TAHA International strictly follows the regulations and standards set by the Supreme Council for Environment (SCE) of Bahrain, which include:

1. **Ministerial Edict No. 10 of 1999** - Air and water environmental standards.
2. **Ministerial Edict No. 3 of 2005** - Environmental standards in the workplace.
3. **Ministerial Edict No. 5 of 2005** - Environmental compliance of service activity sites.

Adhering to these regulations ensures TAHA International's alignment with local environmental and workplace standards.

Conclusion:

TAHA International for Industrial Services is dedicated to maintaining and exceeding industry standards in health, safety, and environmental protection. By adhering to internationally recognized certifications, local SCE standards, and additional HSE guidelines, TAHA International ensures a safe, sustainable, and compliant operation.
